New Cases	1
Cumulative Cases	2
Populations Affected	Staff

Hello Blue Devils families and staff.

We received notification from the Chippewa County Health Department yesterday that a staff member tested positive for COVID-19. **This employee had been quarantined for 10 days prior to testing positive, which reduced the impact of the spread of the disease.** We thank the health department for their prompt communication with the district and for their ongoing support.

We will continue to closely monitor our students and staff and keep everyone informed as these situations occur.

It is important that everyone does their part to help reduce the spread of COVID-19 by wearing a facial covering, washing their hands regularly, and maintaining appropriate physical distancing.

Thank you.

Dr. Tim Hall

Superintendent of Schools
