

Raleigh TenEyck

Mrs. Jo Anne Lussier, Business, Management, Marketing & Technology teacher, has selected Raleigh TenEyck as Outstanding Marketing student of the 3rd quarter for the 2011-2012 school year.

As a second year Marketing Student, Raleigh has grown a great deal in her self-confidence and leadership abilities. Raleigh is a Pickford High School student who is involved in Marketing and BMMT Administrative Services.

Raleigh is always the first to volunteer for assisting with activities. She gives of her free time willingly and takes a great deal of pride in the work she does. She has been an integral part of our Powderpuff Football activities, Homecoming here at Sault High, as well as our annual Santa Visits at Varsity Blues.

She has continued to grow in the classroom and it has been a pleasure to watch that process. Her confidence and interactions with the other students has only enhanced her skills in the area of Marketing. She is a young lady who works hard at her given tasks.

I am proud of Raleigh and the young lady she is and am honored to have her as our Outstanding Marketing Student this quarter.

**Congratulations Raleigh on being
Outstanding Student of the Quarter.**

Sean McGahey

Mrs. Diane Harrington, Business, Management, Marketing & Technology-Administrative Services teacher, has selected Sean McGahey as Outstanding Administrative Services student of the 3rd quarter for the 2011-2012 school year.

Sean has been a member of my class and our Business Professionals of America (BPA) chapter for the past two years. As a BPA member, he has been an asset as a regional winner both years. He is a hard-working, consistent and diligent student who always strives to do his best with anything he is involved in. Sean will be taking his Microsoft Certification test in Word soon. His computer skills are top notch and he is an asset to my class!

Congratulations Sean on being
Outstanding Student of the Quarter.

Taylor St. Onge

Mrs. Heather Suggitt, Business, Management, Marketing & Technology teacher, has selected Taylor St. Onge as Outstanding Accounting/Finance student of the 3rd quarter for the 2011-2012 school year.

Taylor is a junior in her first year of Accounting/Finance. She is enrolled in a two-hour block, where one hour she is learning the first year accounting and the second hour she chooses job titles to complete for her Career Center Certificate. Taylor continues to master the first year accounting curriculum with ease and has completed a number of the more difficult job titles.

Taylor's steady approach to accomplishing tasks in class sets a great example for others to follow. She is constantly working on something and quickly begins a new job title once she completes another. She is quick to take on a new challenge and slow to become frustrated when she encounters problems.

Congratulations Taylor on being
Outstanding Student of the Quarter.

Heather Johnston

Mrs. Cindy Zain, Business, Management, Marketing & Technology teacher, has selected Heather Johnston as Outstanding Information Technology student of the 3rd quarter for the 2011-2012 school year.

Heather Johnston has been chosen as Outstanding Student of the 3rd

Quarter for the following reasons: Heather is a hard-working student who is not afraid to tackle new subjects. She completed all of the foundation skills, web page design units as well as finishing the entire Dreamweaver book. She is now working on Flash, which I am confident she will complete and then still have time to tackle a new subject.

I am impressed by Heather's work ethic and her positive attitude. She always seems to be upbeat and completes her assignments without complaint or argument. Heather gets along very well with the other students in the classroom and is able to socialize but still complete her classwork.

Congratulations Heather on being
Outstanding Student of the Quarter.

Samuel Ayers

Mrs. Elena Rasaiah-Lehocky, Allied Health Technology teacher, has selected Samuel Ayers as Outstanding Allied Health student of the 3rd quarter for the 2011-2012 school year.

This quarter, Samuel Ayers is our featured Allied Health student. This is Sam's second year in the program and I have had the honor of watching him grow in his role as a Physical Therapy Aide. The staff at the Physical Therapy sites consistently report that Sam is well accepted by staff and patients love working with him. Sam is reliable as evidenced by his excellent attendance and meeting deadlines. He is always willing to help teach the first year students new things. He is our Parliamentarian in Health Occupations Students of America (HOSA) and competed at the Regional and State level in Physical Therapy. Sam plans on pursuing a career in Physical Therapy. He will be missed after graduation.

**Congratulations Sam on being
Outstanding Student of the Quarter.**

Nicholas DePlonty

Mr. Randy Gebolys, Construction Technology teacher, has selected Nick DePlonty as Outstanding Construction Technology student of the 3rd quarter for the 2011-2012 school year.

Nick is always working on class assignments and projects, but working with a desire to learn more. He makes the effort to get the job done right. He is taking on the task of building a stage setup for the Drama Club and has done it mostly on his own; students have helped him but under his direction. Nick has also designed the stage on a computer program.

Congratulations Nicholas on being
Outstanding Student of the Quarter.

Ryan Sawyers

Mr. Abe Zain, Drafting/Design Technology teacher, has selected Ryan Sawyers as Outstanding Drafting/Design Technology student of the 3rd quarter for the 2011-2012 school year.

Ryan Sawyers has been a student in the Drafting and Design Program for the last three marking periods. During this time he has completed the entire CAD curriculum with great ease and success. Ryan is a great young man with an outstanding work ethic. He is on time each day and rarely misses school. Ryan has been a member of SKILLS USA and competed at the regional event at Bay College in Escanaba. He also has been working on a project for our local Veterans Association. Ryan's career goal is to become a computer game designer. If Ryan's efforts parallel what he has accomplished in Drafting and Design he most definitely will have great success in this field. Ryan is a terrific young man that every teacher wants in class. It has been great working with him and I wish him all the luck in his future endeavors.

Congratulations Ryan on being
Outstanding Student of the Quarter.

Nicholas Carrington

Mr. Gary Herschell, Machine Tool Technology teacher, has selected Nicholas Carrington as Outstanding Machine Tool Technology student of the 3rd quarter for the 2011-2012 school year.

The Machine Tool Technology program would like to congratulate senior Nick Carrington as outstanding student of the third quarter. Nick has been in the machine tool program for three years and has learned and accomplished many great things while in this class. Nick has gained many skills and is very good at sharing his knowledge to help others be successful. Nick has been able to maintain a job at Precision Edge Surgical tools while still maintaining great grades. Nick has worked hard in this program, and his help, knowledge and experience will be missed around the shop. Nick is planning on attending Ferris State University in the Mechanical Engineering Field; we wish you the best of luck.

Congratulations Nicholas on being
Outstanding Student of the Quarter.

Jessica Gilbert

Mr. Abe Zain, Work-Based Learning teacher, has selected Jessica Gilbert as Outstanding Work-Based student of the 3rd quarter for the 2011-2012 school year.

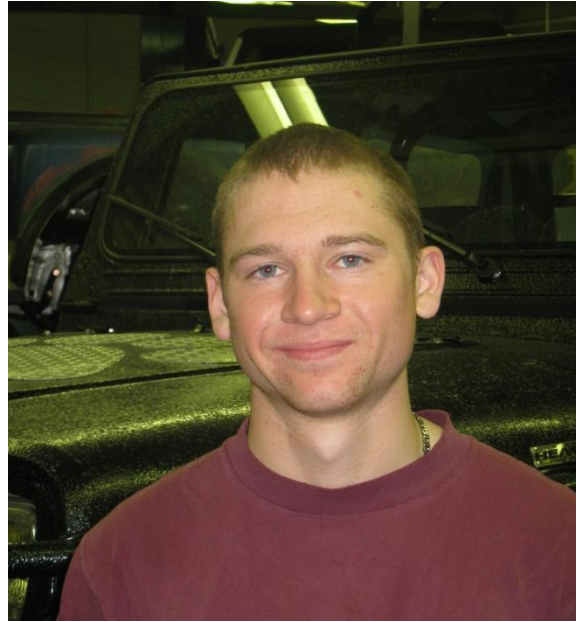

Jessica Gilbert has been a student in our Teacher Cadet Program for the last three marking periods. During this time she has been working exclusively with Mrs. Zain in the Business, Management, Marketing & Technology-Information Tech program. Jessica has been a hard working young lady who always keeps busy. She is always polite and ready to work each day. Mrs. Zain says Jessica has become a Moodle expert. She assists with the Career Readiness classes and also finds time to participate in many volunteer organizations in our school. Jessica is currently a member of Working on Wellness (WOW) and Business Professionals of America (BPA). This year Miss Gilbert is receiving a Torch Award from BPA for showing leadership skills in a volunteer, student organization. Jessica is an outstanding student, an asset to our Teacher Cadet program and our school. For these reasons Jessica Gilbert is our Work-Based Learning student of the quarter.

**Congratulations Jessica on being
Outstanding Student of the Quarter.**

Joshua Julch

Mr. Tim Strader, Automotive Technology teacher, has selected Joshua Julch as Outstanding Automotive Technology student of the 3rd quarter for the 2011-2012 school year.

Josh is a great student and an exceptional person. Happy to help out in any way he can, including out of class activities. He has good organizational skills and can stay on a task, no matter how difficult and see it through to completion. He has demonstrated his problem solving skills many times and is very creative in his solutions. He serves as an example to his peers and leads by example. "Mr. Florida" has brought some of that Florida sunshine into my class and I am happy he is a part of this program.

Congratulations Joshua on being
Outstanding Student of the Quarter.

Ben Greengtski

Mr. Greg Rambo, Welding Technology teacher, has selected Ben Greengtski as Outstanding Welding Technology student of the 3rd quarter for the 2011-2012 school year.

Ben has taken the initiative to lead the class' year-end project which is a metal trellis complete with its own metal flower garden. This metal work will be on display outside the entry to Sault High School once completed. Ben has also taken the time to work with Mr. Morrison, a blacksmith, in the evening to learn extra skills to lead the other students. Ben has perfect attendance, as well as his willingness to work hard on any and all projects.

Congratulations Ben on
Being the Outstanding Student of the Quarter in
Welding Technology.
