

# Impact Aid

## How to Complete Survey

### Computer Directions

The Impact Aid Survey is designed to assist local school districts who have lost revenue due to Federal properties exemption from local property taxes. The survey collects examples of what Impact Aid funding is used for, the challenges that school districts face related to federally owned land, and how additional resources for federally impacted school districts can provide new opportunities to students and communities.

**IMPACT AID 2023-2024**

Sault Area Public Schools seeks your cooperation in completing the 2023-2024 Impact Aid Survey form. We use this information to apply for grant funding from the federal government. Please provide the following information as of October 18, 2023.

**For your information:**

**Civilian Employment Information**

Please complete this section if the parent/guardian with whom the student resides was employed on federal property on the survey date listed above. There will be a drop down of property names and addresses of local employers with offices on federal property.

If your employer is not listed and you report to work on federal property, please complete all boxes in this section so we can verify the federal property status; please note that a physical property address is required for us to verify the federal status of the property.

**Uniformed Services Information**

Please complete this section if the parent/guardian with whom the student resides was on active duty in the Uniformed Services of the United States on the survey date listed above. Branch of service and rank are required information when completing this section. Copies of active duty papers are required unless you are serving in the Coast Guard.

**Foreign Military Information**

Please complete this section if the parent/guardian with whom the student resides was an accredited foreign government official and a foreign military officer on the survey date listed above. All five boxes of information are required when completing this section.

**Summary**

We are required to obtain this survey form for every student in our district in order to be eligible for federal funds under the Impact Aid Program (Title VII of the Elementary and Secondary Education Act), which provides funding to school districts where federally owned, non-taxable property is located. Tribal property and other federally owned property where parents live and/or work cannot be taxed for school operating millage. Federal funds help compensate for this loss of local tax revenue.

We appreciate your cooperation in completing and submitting this form as soon as possible. Please contact Angela Love at [alove@eupschools.org](mailto:alove@eupschools.org) or 906-632-5662 at your convenience, if you have any questions regarding this form.
