

# Mathis Muller

Mrs. Cindy Zain, Business, Management, Marketing & Technology teacher has selected Mathis Muller as Outstanding Information Technology student of the 1<sup>st</sup> quarter for the 2012-2013 school year.

Mathis is an exchange student from Germany who is truly an exceptional young man. Mathis has a full schedule of classes that includes four academic classes (two of which are advanced placement) in addition to his two-hour block in Information Technology. Mathis has embraced the Sault High School and Career Center environment and has joined Business Professionals of America (BPA). Even before Mathis was an official member, he volunteered to work with BPA when we hosted a fundraising event during the Music Festival on September 8, 2012.

Mathis is extremely knowledgeable about computer technology and will be competing in Graphic Design and the Web Site Design Team for BPA. Mathis also created a graphic cover using Photoshop to enter a contest for the Michigan Chapter of BPA. If chosen, his graphic would be the cover of the State BPA Conference Program. This was a totally optional project, but Mathis worked diligently on it and has created an excellent cover.

Congratulations Mathis  
On being the Outstanding Student of the Quarter in  
Information Technology!

# Logan Methner

Mrs. Diane Harrington,  
Business, Management,  
Marketing & Technology  
teacher has selected  
Logan Methner as  
Outstanding  
Administrative Services  
student of the  
1<sup>st</sup> quarter for the  
2012-2013 school year.

Logan is a senior and a two-year member of Business Professionals of America (BPA). This year she is serving as our co-president and she represented our chapter last year at Nationals in Chicago. She was an 8<sup>th</sup> place national winner in Administrative Support Concepts. This marking period she has done an amazing job getting Microsoft Office Specialist (MOS) certification in Word and PowerPoint 2010. The hard work and dedication she puts in on a daily basis is obviously paying off.

Congratulations Logan  
On being the Outstanding Student of the Quarter in  
Administrative Services!

# Garrett Peyton

Mrs. Jo Anne Lussier,  
Business, Management,  
Marketing and Technology  
teacher in Marketing Sales  
& Services has selected  
Garrett Peyton as  
Outstanding Marketing  
Sales & Services student of  
the 1<sup>st</sup> quarter for the  
2012-2012 school year.

Garrett is a second year marketing student who has proven to be very dedicated and driven. Garrett has a great flair and vision for design and display. He pays great attention to detail and his outstanding artistic abilities only enhance his role in our program.

He has been called on to take a leadership role as a second-year student. He is a quiet leader who is always conscientious of others and their opinions and does his best to incorporate all ideas and concepts into workable solutions. He works hard to ensure that any task he is given is done to the very highest level. He has been a joy to have in the program for the past two years and I look forward to his continued successes both in marketing and all other endeavors he takes on.

He is a great asset to our program and to our Career Center.

Congratulations Garrett  
On being the Outstanding Student of the Quarter in  
Marketing Sales & Services!

# Wynter Cannatelli

Mrs. Heather Suggitt, Business, Management, Marketing & Technology teacher in Accounting/Finance has selected Wynter Cannatelli as Outstanding Accounting/Finance student of the 1<sup>st</sup> quarter of the 2012-2013 school year.

Wynter is a senior in her first year of Accounting/Finance. She is enrolled in a two-hour block, where one hour she is learning the first year accounting and the second hour she chooses job titles to complete for her Career Center Certificate. Wynter continues to master the first year accounting curriculum with ease and has completed a number of job titles during her independent time in class.

Wynter is dedicated and disciplined in her approach to her work. She is constantly working on something and quickly begins a new job title once she completes another. She participates in class and sets a great example for those around her.

Congratulations Wynter  
On being the Outstanding Student of the Quarter in  
Accounting/Finance!

# Samantha Pine-Bennett

Mr. Abe Zain, Drafting & Design Technology teacher has selected Samantha Pine-Bennett as Outstanding Drafting & Design Technology student of the 1st quarter for the 2012-2013 school year.

Samantha is a first semester senior who has excelled in using our new Envisioner Architectural software package. Samantha has mastered the basics and is now developing a very modern home which is showcasing her abilities. Samantha brings to the table a desire to learn, excellent work ethic and no fear to experience new things. Samantha will also, at the drop of a hat, help any and all students who ask for her assistance. She has a superior artistic ability which will only enhance the final architectural product she produces at the end of the year. Samantha is a very polite, personable young lady and a great asset to the Drafting and Design Technology program.

Congratulations Samantha  
On being the Outstanding Student of the Quarter in  
Drafting & Design Technology!

# Brittany DeGrand

Mr. Abe Zain,  
Work-based  
Learning  
Coordinator has  
selected Brittany  
DeGrand as  
Outstanding Work-  
based Learning  
student of the 1<sup>st</sup>  
quarter for the  
2012-2013  
school year.

Brittany DeGrand is a senior at Sault Area High School in the teacher cadet program mentoring under the tutelage of Ms. Tiffanny Blore in the CI/SXI classroom. Brittany is working in one of the most difficult areas assisting students with a multitude of challenges. Brittany always has a smile and genuinely cares for all the students she works with. Brittany completes all her tasks on time and to the best of her ability. She never says no and is always available to help at the drop of a hat. The kids in the classroom respond favorable to Brittany and I feel she is an asset to Ms. Blore's classroom.

Congratulations Brittany  
On being the Outstanding Student of the Quarter in  
Work-based Learning!

# Helenna Krull

Mrs. Elena Lehocky Allied Health Technology teacher has selected Helenna Krull as the Outstanding Allied Health student of the 1<sup>st</sup> quarter for the 2012-2013 school year.

From the first day she returned to Allied Health as a second year student, she stated that she wanted to learn as much as she could and to work harder than she ever did before. To this date, her enthusiasm continues.

Last year, Helenna completed her Nurse Aide training. This past marking period, Helenna was diligent about her pre-clinical class review of basic patient care and safety. Maintaining her focused determination, she was often finished with her modules before her classmates. It was obvious to me that she wanted to be well prepared to serve her patients to the best of her ability.

In the classroom, all her assignments have been on time, including her contracts and time sheets. Her work is meticulous and she takes pride in making sure that her papers are neat and complete.

Helenna is currently completing a rotation in the Obstetrics (OB) Department at War Memorial Hospital. She has not missed a single day of clinical site. The OB staff has verbalized their appreciation of her dedication to the department and patients. Never idle, Helenna is always energetic, caring for her patients with a smile on her face. The staff says that she is doing a fantastic job and that she is a great addition to the team.

I am very proud of Helenna and how well she is representing our Career Center!

Congratulations Helenna  
On being the Outstanding Student of the Quarter in  
Allied Health Technology!

# Richard Little

Mr. Trevor Paulus  
Construction Technology  
teacher has selected  
Richard Little as the  
Outstanding  
Construction Technology  
student of the 1<sup>st</sup> quarter  
for the 2012-2013  
school year.

Rich has gone well above and beyond what is expected of a typical high school student in a construction technology course, so much so that I refer to him as my foreman in the shop. He's dependable, responsible, and punctual and has experience in the trades well beyond his years. His considerable construction knowledge has allowed me extra time to focus on the other groups of students while he pretty much runs the "cut-away" house module. Anything he is unsure on he's never hesitant to come find me, although his first instinct is to grab the text book and try to figure it out with his "crew" (the 4 or 5 students that work with him) first.

In addition to being a great student and a leader of his peers, Rich is a great person to boot. He's always respectful, pays attention in the classroom (not always a given with this group!) and helps keep others on task as well. Rich also donated a stack of floor tile for the students to install in the bathroom of their cut-away module. All of these attributes come together to make for a great student; Mr. Little has made my job much easier and in my experience it's pretty rare to have a student be such an asset in class.

Overall, I cannot imagine a better candidate for the Outstanding Student of the month... Rich has been a true pleasure to teach and to learn from.

Congratulations Rich  
On being the Outstanding Student of the Quarter in  
Construction Technology

# Nathan Ernst

Mr. Greg Rambo  
Welding/Brazing  
Technology  
teacher has  
selected Nathan  
Ernst as the  
Outstanding  
Welding/Brazing  
Technology  
student of the 1<sup>st</sup>  
quarter for the 2012-2013 school year.

Nathan Ernst, a senior at Sault High School, is enrolled in a two-hour block of Welding Technology and has been a project leader in Mr. Rambo's class. He is very hard-working. Additionally, Nathan brings to the classroom welding skills that he has learned and developed with his grandfather during the summer. Not only is he skilled in welding but he has three advance placement classes and still finds the time to do extra projects.

Congratulations Nathan  
On being the Outstanding Student of the Quarter in  
Welding/Brazing Technology!

# Amalia Fournier

Mr. Tim Strader Automotive Technology teacher has selected Amalia Fournier as the Outstanding Automotive Technology student of the 1<sup>st</sup> quarter for the 2012-2013 school year.

"This is too hard," is not in Amalia's vocabulary. Every day she pushes herself to stay busy, work hard, learn new things and help me keep the classroom organized. She offers help without being asked to do so. She has a very sound work ethic and will do well in future studies after high school. I started working with Amalia as a freshman when she volunteered to serve on the Executive Committee for the 2013 class. She has been, and continues to be, an outstanding student and person.

Congratulations Amalia  
On being the Outstanding Student of the Quarter in  
Automotive Technology!

# Travis Van Luchene

Mr. Gary Herschell Machine Tool Technology teacher has selected Travis Van Luchene as the Outstanding Machine Tool student of the 1<sup>st</sup> quarter for the 2012-2013 school year.

This is Travis's first year in the program and he is excelling quite rapidly in the trade of machining. He puts a lot of time and effort into the class on a daily basis and always shows one hundred percent on all of his assignments/projects. Travis is receiving this honor due to his excellent work ethic and willingness to complete any task that is asked of him. He is respectful to his peers, staff and the equipment used in the classroom. I feel with the skills learned in this class Travis will go on to do great things. Keep up the good work Travis.

Congratulations Travis  
On being the Outstanding Student of the Quarter in  
Machine Tool Technology!
